FIG. 17A

FIG. 17A is a cross-sectional diagram of a medical device. It features a curved tube with an outer wall labeled 20. The tube enters from the left, indicated by an arrow, and curves downwards and then upwards to the right. At the distal end, the tube is surrounded by a multi-layered structure. The outermost layer is labeled 60. Inside this, there are two distinct layers or components labeled 12 and 80. The device is shown in a cross-section relative to a horizontal plane, with hatched areas labeled 101 representing internal structures or tissue.
